Water – an Issue in Southern Alberta

The Priddis-Millarville Residents Association invites you to attend a Water Experts Panel Event on Saturday, March 20, 1 - 4 pm, at the Millarville Racetrack Hall. We hope you will enjoy our Save Your Countryside educational initiative. Please share this invitation and attached ad summary with interested parties. Our schedule follows:

- 1:00 p.m. Moderator: Jeff Collins (former host for CBC Radio's Morning Show for more than 20 years)
Introductions
- 1:10 p.m. Mike Kelly (Chair, the Bow River Basin Council and Vice President, the Alberta Water Council)
Managing the annual flow of the Bow River and Basin, how it works and how it could work
- 1:25 p.m. Heather Sinton, M.Sc. P.Ag. (Alberta Environment, Regional Environment Manager, Southern Region)
Source Water Protection and Environmental Management in the South Saskatchewan Region
- 1:40 p.m. Masaki Hayashi (Canada Research Chair in Physical Hydrology, Department of Geoscience, University of Calgary)
Understanding the sustainability of groundwater in Alberta prairies.
- 1:55 p.m. Joe Obad (Associate Director, Water Matters)
Highlights of the "Share the Water: Building a Secure Water Future for Alberta" report
- 2:10 p.m. Shirley Pickering, PhD-Applied Environmental Sciences (Chair of the Highwood Water Management Plan Public Advisory Committee)
Integrated Water Management Plan for Highwood & Sheep River Watersheds
- 2:30 p.m. Break
- 2:45 p.m. Panel Discussion with panelists: *Water – an Issue in Southern Alberta.*
- 3:30 p.m. Summary of Forum Findings
- 4:00 Close
